

HEALTHeNL Application Changes

What's Changing and What's Staying the Same — Physician Reference

myCATH — Cardiac Catheterization Lab

Post go-live: myCATH remains available in HEALTHeNL in read-only mode and is also accessible through CorCare (EpicCare Link).

Category	✓ Staying the Same	🔄 What's Changing
Clinical Purpose	Cardiac Cath Lab referral data remains accessible — moving platform, not removing function myCATH remains in HEALTHeNL as read-only — historical data preserved	myCATH functionality is now also available in CorCare (EpicCare Link)
Access	myCATH remains accessible in HEALTHeNL in read-only mode post go-live Referral capability available via CorCare (EpicCare Link) for active use	Access point for active referrals changes from HEALTHeNL portal to CorCare (EpicCare Link)
Data & History	Historical myCATH data remains accessible in HEALTHeNL in read-only mode	In-flight referrals at go-live will be managed through CorCare — no conversion from HEALTHeNL
Decision Status	Decision to move all referrals to CorCare confirmed myCATH read-only in HEALTHeNL and available in CorCare confirmed	myCATH transitioning away as a standalone launch platform in HEALTHeNL — dual availability at go-live: HEALTHeNL (read-only) and CorCare (active)
