

Expression of Interest

CorCare Physician Builder – NL Health Services

About Us

Newfoundland and Labrador Health Services (NLHS) is leading a province-wide clinical transformation through the implementation of CorCare, a new Health Information System (HIS). CorCare will unify and modernize digital health systems across the province, enabling integrated, data-driven care that enhances access, efficiency, and patient outcomes.

Position Summary

We are seeking Expressions of Interest from physicians interested in becoming Physician Builders for the CorCare project. This role is ideal for clinicians who are passionate about digital health innovation and eager to shape the future of care delivery in Newfoundland and Labrador. Physician Builders will work closely with the CorCare team to support the design, configuration, and optimization of the HIS to ensure it meets clinical needs. This includes contributing to workflows, testing, and personalization features that enhance usability and clinical effectiveness.

Key Responsibilities

- Collaborate with clinical and technical teams to design and refine CorCare workflows
- Participate in system configuration and validation activities
- Provide clinical insight to ensure the HIS supports safe, efficient, and patient-centered care
- Support training and change management efforts by sharing expertise with peers
- Act as a liaison between frontline clinicians and the CorCare project team

Time Commitment

- 0.2 FTE divided either in a full day or 2 half days per week.
- Flexible scheduling to accommodate clinical responsibilities

Who We're Looking For

We welcome applications from physicians across all specialties, including but not limited to:

- Primary Care
- Emergency Medicine

- Surgery
- Pediatrics
- Mental Health

Ideal candidates will

- Be licensed with the College of Physicians and Surgeons of Newfoundland and Labrador
- Hold active medical staff privileges with NL Health Services
- Demonstrate a commitment to patient-centered, evidence-based care
- Have an interest in clinical informatics and digital transformation

Remuneration:

Compensation will align with the physician's current clinical payment model and role within NLHS.

Language: English
